I came to know Christ during my second year of attending Teens for Christ in Plum City. I was very uninvolved with church before this and completely turned my back on Christ at age nine. This happened when my father passed away one year after he had a serious motorcycle accident on mothers' day of 2000. This devastated me and I thought that if God existed he wouldn't let this happen to me. In 2004 a couple of random people showed up at my house and told me that they wouldn't leave unless I came with them to TFC. Reluctantly I went and I enjoyed it so much I wanted to keep going. A year-and-half later I accepted Christ into my life and have been living the life of a Christian ever since.
