# TEENS for CHRIST

## What is Jr. Bible Quizzing?

Jr. Bible Quizzing is an active, fun way to get 1st-5th graders excited to memorize God's word! Through fellowship, healthy competition, and team camaraderie, kids are encouraged to memorize scripture to their fullest capability. In becoming students of scripture in their early years, kids in Jr. Quizzing are not only building a great foundation for future disciplines throughout their lives, but a stronger foundation for their knowledge and faith in Jesus Christ.

## How Does it Work?

Every month during the quiz season (October-February), quizzers study and memorize assigned scripture portions from the English Standard Version (ESV). At our quiz meets at 2pm on the first Saturday of each month, quizzers compete by jumping and answering questions from that material to score points for their team... The first one off their chair gets the chance to answer!

## WANT TO QUIZ?

### FORM A TEAM!

If you decide that you would like your children to be a part of Jr Bible Quizzing, gather a team of (at least three, and no more than five) kids, and make a team (or two, if you have more than five kids!)

### PRACTICE!

Each team is responsible for their own practices. During these, the quizzers may study their assigned scripture portions for the month, quote to an adult, or practice jumping and answering questions.

### QUIZ!

On the first Saturday of every month (October-February) from 2:00 - 4:30 PM at various location, a quiz meet will take place, and the fun of competition begins!

### WANT SOME HELP GETTING STARTED?

We're very passionate to see more kids memorize the Word of God. If you want to start a quiz

team in your area or church, we'd love to help! We'll get you a "starter kit" with a coaches manual, practice questions, a rule set, and some question forming tips for you to offer your quizzers. We also offer special quiz books which can be integrated into AWANA programs for the benefit of more "speedy" memorizers

who may finish their allotted AWANA Club books ahead of schedule. In addition, we'd love to come and meet with you in person to give you more information, or even come and help you run your first quiz practice!
